# SleepOut

FOR HOMELESS YOUTH

*The Property Industry's SleepOut* is a flagship event of the Property Industry Foundation that invites supporters to sleep out in solidarity of homeless youth. Like minded individuals will give up their warm and comfy beds to do their part in ending homelessness. This year, we will be sleeping out under the stars on the iconic QueensPlaza rooftop. The Foundation invites you to join us at this years *SleepOut for homeless youth*.

## How your fundraising supports the Foundation:

In April, 2022 the Foundation opened it's first Haven House in Queensland, Ruth House. This 3 bedroom home was built in partnership with The Salvation Army on the Sunshine Coast and will provide essential care and safety for young women and children escaping domestic violence.

The Foundation was able to fund the build of this project via the Haven House Program. All fundraising from the *Property Industry's SleepOut for homeless youth* will go towards this program so that the Foundation can continue to partner with more front-line charities and fund the build of homes and projects.

## How to donate:

- 1 Sign up to attend the event and donate via your fundraising page
- 2 Can't attend? You can donate directly to the Foundation via [www.pif.com.au/donate](http://www.pif.com.au/donate)
