

Supporting Trauma and Neurodiversity

At this workshop you will be introduced to concepts, language, affirming approaches and practical strategies.

- Explore similarities and differences in how trauma and neurodiversity may present
- Learn practical strategies in support work and engagement
- Participate in interactive exercises and group discussions
- Suitable for support workers, youth workers and mental health professionals

The workshop will be facilitated by Rosie Quinlan, Clinical Psychologist. Rosie has worked in private practice and the human services sector for over 15 years.

For enquiries or more information contact rosalindquinlan@outlook.com or 0468 780 616.
